

Datasheet Insafe Origin Smoke detector

Insafe Origin Smoke detector

The Insafe Origin is a latest generation smoke detector with the latest technology. In addition, it convinces with its discreet design, with which it blends harmoniously into any living environment.

The smoke detector is only 3 centimeters flat.

Other features:

- One-button operation for all functions
- EnOcean® (radio protocol)
- Manual function test
- Operating time display
- Battery voltage warning
- Automatic function test (every 45 seconds)
- Manual pause of the smoke detector (10 min.)
- Alarm pause when the battery voltage is too low (8 hours)
- Insect-proof: No false alarm in the event of insect infestation
- Almost no maintenance required: the built-in lithium battery is guaranteed to last 10 years

Technical data:	
Operating principle	Photoelectric smoke alarm
Power supply	Integrated, sealed 3V lithium battery, 10 years lifespan
Sound power level	>85dB at 3m
Function check	Red LED flashing light
Insect proof	No false alarm in the event of insect attack
Mounting	Ceiling or wall mounting
Radio protocol	EnOcean® EPP D 21430
Sensor values	Smoke, humidity, indoor climate, temperature, air quality, battery status
Operative temperature	+4 to +45°C
Dimensions	105mm x 105mm x 30mm
Weight	125g (with battery and mounting base)
Satelco article number	11341
